SUMMARY

Results-driven MERN Stack Developer with hands-on experience designing and building scalable full-stack web applications. Proficient in React.js, Node.js, Express.js, and MongoDB. Demonstrated ability to optimize API performance and database queries, achieving up to 30% improvement in application speed. Strong focus on responsive UI design, JWT-based security, and cloud deployment using Vercel and Render.

EXPERIENCE

MERN Stack Developer Trainee

SLA Institute

Nov 2025 – May 2026, Chennai

- Designed and delivered multiple full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Practiced version control and collaborative development workflows using Git and GitHub in a team environment.
- Improved code quality and performance through structured code reviews, debugging sessions, and iterative optimizations.

PROJECTS

SkillMatch – Job Platform

- Built a full-stack job platform connecting 100+ users with secure JWT-based authentication and role-based access control.
- Reduced API response time by 25% through optimized MongoDB queries and indexed database collections.
- Implemented advanced job filtering by skills, salary range, and location to improve user experience and search accuracy.

E-Commerce Web Application

- Developed a complete e-commerce platform with product browsing, shopping cart, and checkout functionality.
- Ensured 100% mobile responsiveness across all device sizes using Tailwind CSS and responsive design principles.
- Integrated file upload functionality using Multer for product image management on the backend.

EDUCATION

B.E. in Computer Science Engineering

MRK Institute of Technology

X: 60%, XII: 70%, Diploma: 70%

SKILLS

React.js, Node.js, Express.js, MongoDB

HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, Bootstrap

REST APIs, JWT Authentication

Git, GitHub, Postman, Thunder Client, Vercel, Render

CRUD Operations, Responsive Design, API Optimization, Secure Authentication
